Dear Traveler,

Bracketed by the bustling metro areas of Kansas City to the west and St. Louis to the east, Missouri's transportation system gives way to rolling hills of farmland and beautiful rivers and lakes in its interior from north to south. From the skyward reach of the Gateway Arch to the humble beginnings of Route 66 from the home of championship-winning sports teams to the carefree, kicked-back life at the Lake of the Ozarks, there's truly something for everyone in Missouri. Friendly. Unassuming. Full of surprises. That's Missouri. A destination with endless hidden gems.

To get you there, it all starts with a world-class transportation system - the 7th largest in country to be exact - with nearly 34,000 miles of highways and more than 10,000 bridges. It's an infrastructure system that we're proud of, and one that is seeing historic levels of investment in interstates, bridges, and rural routes ensuring its successful and growing future for citizens and travelers.

As the 58th Governor of Missouri, it is my honor to welcome you to the Show-Me State. As you travel our state's roadways, I invite you to stop, stay awhile, and take in the sights and sounds that make Missouri the heart of the Midwest.

Sincerely,

Mike Kehoe
Governor
